Multi-reference pallet service

Offer your customers more – reduced Minimum Order Quantities on sheet specialties!

Have you ever wanted to stock and supply a wider range of products including specialties, but the minimum order quantities have held you back? To give you better access to specialty markets and new business, we've reduced our Minimum Order Quantities on selected sheet products to just 1000 sheets.

The MULTI-REFERENCE PALLET SERVICE allows you to combine **from 2 to 5 different products in 50x70 cm size**, on a single **pallet of 5000 sheets**. The minimum quantity for each product is 1000 sheets.

Due to the success of this service, we are bringing you more choice by adding new products. See overleaf for the full product list!

- Low minimum order quantities – just 1000 sheets per product
- Access specialty markets and improve your market image with a wider portfolio
- Reduce stocks and have less capital tied up in slow-rotation products

Pallet label layouts on all UPM Raflatrac orders will be changed, without any significant content modification.
